Radar ARPA
Radar ARPA SAR
Polar Code Basic
Polar Code Advanced
ECDIS Operators Course SAM/TRANSAS

HEALTH AREA

First Aid
Medical Care
Refresher courses

CASERTA AND ITS PROVINCE

Campania has always been “felix” land as called by the Romans, in its widest meaning: glad, beautiful, fruitful, productive, positive. It enchanted populations and travellers, the rich patricians in Roman Empire as well as the educated visitors, artists and men of letters or ambassadors and sovereigns of any time. A relatively small land gathers so many universal icons that few other lands can enjoy: Pompei, Capri, Mt. Vesuvius, the Amalfi Coast, the pizza, the Mediterranean diet, the Neapolitan song. Choosing Campania for a leisure trip means to search for something more than an exciting sojourn: it is a path throughout your soul, a continuous discovery beyond expectations and the description that even the best tourist guide can give.

- The structure is equipped with 165 rooms with balconies overlooking the sea. Each room is equipped with independent services, television and free wifi, the reception will provide the password for access upon entry.

- There is a large closed and controlled parking lot
